

VFI Structural Hard Coats

Superior hardness and greater moisture resistance than epoxies

Eliminates the problems associated with fiberglass and filled FRP.

Environmentally Safe
No V.O.C.'s

Sprayable encapsulants with fast set times that are designed to provide a moisture and impact resistant shell for numerous substrates including EPS, wood and insulative foam.

- Easy to apply
- Lightweight
- Fast cycle times
- Short cure times
- Structural for use on foams
- Chemically inert when cured
- Safe for humans and animals

Available in fire retardant formulas

Whether you are protecting structures, delicate forms for themed scenery, or signage, Volatile Free has a hard coat product to meet or exceed your needs.

An additional benefit!
